In re Application of:

PATENT
APPLICATION

Inventors: Robert S. Sposili, Mark A. Crowder,
and Apostolos T. Voutsas

Attorney Docket No.
SLA0850

Serial No: 10/805,120

Group No. 2812

Filed: March 19, 2004

Examiner:

Title: LOW-FLUENCE IRRADIATION
FOR LATERAL
CRYSTALLIZATION ENABLED
BY A HEATING SOURCE

CERTIFICATE OF TRANSMITTAL UNDER 37 C.F.R. § 1.8

I hereby certify that this correspondence is being facsimile transmitted to the
United States Patent and Trademark Office at Fax No. (703) 746-9195 on September 7,
2004

Matthew D. Rabdau, Reg. No. 43,026
Signature Date: September 7, 2004

REQUEST FOR CORRECTION OF FILING RECEIPT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Submitted herewith is a copy of the Filing Receipt (2 pages)
in the above-identified patent application with the changes noted thereon
along with a copy of the Power of Attorney (2 pages).

Please remove Charles Schaub—27518 from the Power of Attorney.

REMARKS

A copy of the Filing Receipt is provided with the above-identified changes noted thereon. The filing receipt incorrectly identifies Charles Schaub, Reg. No. 27518 on the Power of Attorney. This error is probably due in part to the inclusion of our customer number on certain documents associated with this application. Our customer number and Mr. Schaub's registration number are apparently the same. However, Mr. Schaub is not an attorney of record in this case.

Attached is a copy of the Power of Attorney that was filed in this case. It only grants Power of Attorney to:

David C. Ripma – 27,672

Matthew D. Rabdau – 43,026

Please make the necessary corrections to the filing receipt and send us a corrected filing receipt.

Respectfully submitted,

Date: Sept. 7, 2004

By: 
Matthew D. Rabdau,
Reg. No. 43,026

DCR PATENT COUNSEL

Date Mailed: 08/31/2004

Receipt is acknowledged of this regular Patent Application. It will be considered in its order and you will be notified as to the results of the examination. Be sure to provide the U.S. APPLICATION NUMBER, FILING DATE, NAME OF APPLICANT, and TITLE OF INVENTION when inquiring about this application. Fees transmitted by check or draft are subject to collection. Please verify the accuracy of the data presented on this receipt. If an error is noted on this Filing Receipt, please write to the Office of Initial Patent Examination's Filing Receipt Corrections, facsimile number 703-746-9195. Please provide a copy of this Filing Receipt with the changes noted thereon. If you received a "Notice to File Missing Parts" for this application, please submit any corrections to this Filing Receipt with your reply to the Notice. When the USPTO processes the reply to the Notice, the USPTO will generate another Filing Receipt incorporating the requested corrections (if appropriate).

Non-Publication Request: No

Early Publication Request: No

Title

Low-fluence irradiation for lateral crystallization enabled by a heating source

Preliminary Class

438

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
